

Bump!

addition CARD Game

Simple addition facts
FOR BEGINNING LEARNERS

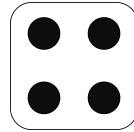

Directions:

- Print, cut, & laminate playing cards (Tip: I glued my cards to construction paper so the kids wouldn't be able to see through the paper.)
- Lay the cards in the middle of the table upside down
- Players take turns picking and reading the cards. (The dice pictures are there to help students visualize the problems. My students who struggle more with addition are taught to count the dots.)
- If a player picks a "BUMP" card, they lose their turn.
